

WILLHOIT RESTORATION

1360 Gladys Ave / Long Beach / CA / 90804

OPEN HOUSE

Friday, Feb. 25th, 9:00-5:00

After taking a year off for the coronavirus we are back in full force. We will be celebrating another year of work at the shop. **Coffee and Pastries** will be served in the morning and our **Grill-Meisters** will again be grilling up **Bratwurst** for lunch. Don't be late, the line starts to form early.

Cars in all stages of restoration and rebuilding will be on display, and the **WR Techs** will be available to explain why our work has become known as the best in the industry. Samples of our **WR1.9** and **WR2.2** engines will be on display along with the parts we use to convert the 356 and 912 into real performance cars. We plan to have engine run demonstrations, test rides, videos, a slide show, **WR T-Shirts** and a **CARS FOR SALE** section.

This year back by popular demand is our **WR SWAP MEET**. You'll find all kinds of 356, 911 and 912 parts at discounted prices. Body panels, interior parts, seats, trim items, wheels/tires, brake parts, suspension parts, cylinder heads and engine parts....all at super discounted prices. Bring **CASH** and go home with that special part you need.

FOR INFO CALL JOHN (714) 356-1735 or MIKE (714) 356-4250
